

Masākāēw Trail Bike Route

Masākāēw Trail is a family-friendly bike route from Rotary Park in the City of Waupaca to the Tomorrow River Trail at Ogdensburg to Scandinavia and back to the City of Waupaca past Swan Park and then to Rotary Park again. This trail name is a Menominee word for “crossing over water” which it does ten times. We named it this to acknowledge the original land of the Menominee through which the trail runs. This route can be ridden in pieces for younger or less hardy riders.

Masākāēw is pronounced Ma'-sa-ca ['a' as in 'cat']

GWAPT is partnered with Greenways of Waupaca County

Greater Waupaca Area Parks & Trails

Mission Statement:

(GWAPT) exists to identify on and off-road biking and walking routes, river routes, and parks both linear and neighborhood throughout the Townships of Dayton, Farmington, Lind, Waupaca, and the City of Waupaca. GWAPT is applying for private funding and will solicit matching funds. GWAPT will work with citizens, and government bodies to bring these goals to fruition.

Vision Statement:

Since there is great overlap of desired recreational routes and parks in the Greater Waupaca Area, GWAPT wants to be seen as a coordinating group between towns surrounding Waupaca and the City to encourage cooperation and enhance recreational enjoyment and the economy of the Greater Waupaca Area.

Fun sites along route: Granite Quarry School 1919

If you would like to support this project or future projects review information below.

1. Make checks out to WCNRF (Waupaca County Natural Resources Foundation – our fiscal sponsor) and write GWAPT in the memo line. Mail check to address below.
2. Visit us at <https://gwapt.org> to contribute through PayPal.
3. GWAPT
